Kernel IMAP Backup

Installation/ Un-installation

Install the Software

Before you install the Kernel IMAP Backup software, make sure that the software installer file is available on your computer. If the software executable is not available on your computer, then download the file from https://www.nucleustechnologies.com/imap-backup/

After you have downloaded the installer file, execute the following steps to install the software:

- Double-click the Kernel IMAP Backup software installer file.
- Follow the on-screen instructions.
- When the installation process completes "Completing the Kernel IMAP Backup Setup Wizard" message appears on the software installation screen.
- Click the **Finish** button to complete the software installation and launch the software.

Uninstall the Software

You can uninstall the Kernel IMAP Backup software from your computer system by using one of the following two methods:

✓ **Uninstall from Windows Start Menu**

✓ **Uninstall from Control Panel**

Note: Before starting the un-installation process, make sure that the Kernel IMAP Backup software is not in use.

Uninstall from the Windows Start menu

Execute the following steps to uninstall Kernel IMAP Backup tool from Windows Start menu:

© KernelApps Private Limited

- Click Start > All Programs > Kernel IMAP Backup > Uninstall Kernel IMAP Backup.
- A warning message before un-installing the software will be displayed on the screen.
- Click **Yes** to uninstall the software.
- Click the **OK** button.

Kernel IMAP Backup software is successfully uninstalled from your computer system.

Uninstall from Control Panel

Execute the following steps to uninstall Kernel IMAP Backup software from Control Panel:

- Click Start > Control Panel. The Control Panel window appears.
- Double-click the Add or Remove Programs icon. A list of the programs installed on your computer appears.
- Select Kernel IMAP Backup and click the Remove button. A warning message before uninstalling the software will be displayed on the screen.
- Click **Yes** to un-install the software.
- Click the **OK** button.

Kernel IMAP Backup is successfully uninstalled from your computer system.
