

Convert Lotus Notes to Outlook

There are different reasons for performing NSF to PST migration, but performing such a task manually is never an easy task. So, to tackle such issues, the best option you have is to use third party NSF to PST conversion software. With the help of nsf to pst converter like Kernel for Lotus Notes to Outlook, you can easily migrate mailbox items having Unicode/ non-Unicode characters. In fact, the utility has got an excellent ability to directly convert .nsf files of Lotus Notes/Domino Server to .PST file or directly to Exchange Server. The tool is very much capable of preserving the converted emails of .NSF file to .PST. It supports all versions of Lotus Notes versions: 9.0.1, 9.0, 8.5, 8.0, 7.0, 6.5, 6.0 and Lotus Domino Server, MS Exchange Server and MS Outlook.

What is more special about the software are its two recovery modes – Standard Scan and Advanced Mode. Both these modes are intelligently programmed to migrate single/batch mailboxes of Domino Server in the shortest span of time.

- Converts Lotus Notes NSF file to MS Outlook PST file (MS Outlook)
- Accurate conversion with high speed and assurance
- Converts Large NSF files without any data loss
- Convert specific items of NSF file based on categories or date-range
- Option to save converted file in MSG, EML, RTF, PDF & HTML Format
- Preview of emails, contacts, calendars, journals, etc.
- Runs on all Windows OS: 10, 8, 7, XP, Vista and 98

The tool can also be installed on system running Windows 10 OS. User looking to get familiar with its various functionalities can download its trial version at free of cost. However, one must keep in mind that the trial version just allows conversion of single NSF file and enables saving of first 10 emails of every folder existing in the NSF file to PST file. But by using the complete version a user can save all the converted emails and related items.
